

April 23, 2020

Dear Independent Living Residents of RiverWoods Exeter, RiverWoods Durham and Birch Hill,

As you know, ConvenientMD (CMD) was able to test 100% of our staff and health care residents for the COVID-19 virus last week. All testing is complete and at this point, we have had *no staff who interact with Independent Living Residents test positive for COVID-19*, which is a good indication of low risk for you; however, I will remind you that these are “point in time” tests, so what we know is that our staff tested negative on *the day they were tested*.

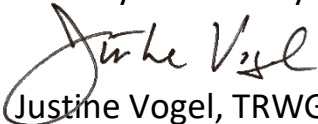

As I mentioned in a previous memo, CMD is also available to do testing for you, even if you have no symptoms. This test is completely optional; however, we will need enough people from each community interested in testing for them to come to us.

A few things for you to consider:

- Medicare will pay your lab fee, but not the actual test fee (\$60)
- If you are interested in testing, we will bill you the \$60 test fee on your next monthly service bill
- Testing will either be a nasal swab (similar to being tested for the flu), or an oral swab (like a strep throat test) and results will take 2-5 days to be completed
- We anticipate testing will begin the week of April 27th but will confirm with CMD once we review the interest level at each community.

If you are interested in testing, please complete the attached form and return to your Front Desk no later than 12 p.m. on Friday, April 24th. We will follow up with more specific details early next week.

Thank you and stay healthy my friends!

Justine Vogel, TRWG CEO

Independent Living Resident COVID-19 Testing

If you are interested in testing, please complete this form and return to your Front Desk no later than **12 p.m. on Friday, April 24th**. We will follow up with more specific details early next week.
