

January 19, 2021,

5:00 p.m. Update

Dear Residents of RiverWoods Exeter, Birch Hill, and RiverWoods Durham,

As of this afternoon we are still not able to confirm if your vaccination can/will be delivered by CVS or directly by us, but we are confident that you will not need to sign up on the State portal or drive to one of the State's fixed sites to receive your vaccine.

We continue to work with our partners at the State to set the date/process for vaccine delivery on site.

More information on when/where/how to come in the next several days.

Stay healthy my friends.

A handwritten signature in black ink that reads "Justine Vogel".
